Habitat & Why Hike?

Habitat joins families and communities in need together with volunteers and resources to build decent affordable housing. Habitat is a people-to-people partnership committed to the development

and uplifting of families and communities, not just the construction of houses. Habitat for Humanity is a nonprofit organization. Homeowners make affordable no-interest mortgage payments over a fixed period. All partner families contribute “sweat equity” as they work as partners with the affiliate and other volunteers to accomplish Habitat’s mission both locally and worldwide.
